Dear

We sincerely appreciate your participation in the group interview segment of the 1983 Hope College May Term in Washington.

The quality of this course is entirely dependent upon the willingness of individuals such as yourself to spend some of their valuable time with a group of students. Our interview at C.I.A. was relaxed and informal and went very well from the students point of view.

Your contact with our students is not only commendable, but also an effective means by which they may improve their understanding of our governmental system.

Again, thank you for your time and we hope to see you in the future.

Sincerely,

Robert E. Elder
Associate Professor of Political Science

STAT

Dear [Redacted]

This letter is to request that you participate in the group interview segment of the Spring, 1983 Hope College Washington May Term program.

The group of about seventeen students will include members with majors in the natural sciences, humanities, and social sciences.

The group interview segment of the course involves group interviews with a variety of persons at two to four organizations involved in a particular area of public policy. We have found that this gives students a feel for the issues and an appreciation of different viewpoints.

At present we are planning to look at The Nature and Function of Intelligence as one of these public policy areas. We would like to visit and interview you at your Washington office from 10:30 to 12:00 on Monday, May 23rd. If this time and date are convenient, please call or write a confirmation to my address below. I will then contact the appropriate person at your office to finalize arrangements. If this time conflicts with your schedule and you would like to arrange an alternate date, please let me know as soon as possible.

Thank you for your consideration of this request; I know the group hopes to be able to visit your office and you.

Sincerely,

Dr. Robert E. Elder, Jr.
Associate Professor of Political Science

Hope Center
Monday
MAY
23rd
10:30 - 12:00

Dr. Robert Elder, Assoc. Prof. of Political Science at Hope College (Michigan), would like to bring about 17 students from his Washington May Term program to Headquarters on 23 May. I normally brief these groups and I propose to do so again. Hope College has been sending groups of bright (and appreciative) kids to CIA for several years. Would you please get someone's O.K.? Thanks.
